

## **PARENTS: IS YOUR CHILD STRUGGLING IN SCHOOL?**

**COME TO A WORKSHOP AND LEARN HOW RESPONSE TO INTERVENTION (RtI) CAN HELP YOUR CHILD SUCCEED.**

Response to Intervention provides a framework that schools can use to design instruction that meets the needs of ALL students. This presentation will focus on the big ideas associated with RtI. It will also highlight how schools are using RtI's major parts (increasing levels of research-based instruction and interventions; assessments to determine student needs; continuous progress monitoring) in their daily practices to maximize the results of instruction and make better use of existing resources. Finally, the presentation will explain how an RtI process can result in improved outcomes for students with and without disabilities.

**The workshops are sponsored by Family Matters Parent Training and Information Center in Collaboration with the Illinois State Board of Education and Illinois ASPIRE**
